

## CARL AT HOSPITAL

LITTLE CRIPPLE BEGINS HIS FIGHT FOR HEALTH AT LAST.

## TREATMENT EVERY DAY

He Has a Pleasant Location on the South Side of the Building—All the Family Are Very Grateful.

Carl Wright's face beamed with happiness today as he came to town about noon in company with his father. He spoke or smiled or waved his hand to all the friends he knew—for he has many he has never seen—as he waited about town awhile to be taken to the hospital. He was taken down about three o'clock and in the morning, Dr. Bell and Dr. Will Wallis, will administer the first treatment. The medicine will be given hypodermically each day. He occupies room 25 on the second floor on the south side of the building, where he may receive his friends, according to the rules of the doctors and the hospital.

It will be a source of pleasure to all who have contributed to the fund for his benefit, to know that gratitude is one of Carl's chief characteristics. And his mother and father feel that they have no way of telling how grateful they are for the opportunity their eldest child will now have for a chance in life.

Carl is nearly fourteen years old and is the oldest of seven children. He does not appear to be more than eight or ten years old because of his affliction and is much smaller than boys usually are at that age. He is a nice looking boy, fair-haired and blue-eyed, and his three sisters and brothers are fine looking children. Their names are Fern, Daisy, Inez, Donald, John and Eddie.

## TO GO TO JURY THURSDAY.

The Case From Atchison County Will Still Be Up Wednesday in Circuit Court Before Judge Trimble.

The case of the State vs. Ollie Long was still on trial Wednesday and the defense at the press time, rested their case. The state will have some rebuttal evidence, after which the arguments of the attorneys will be made to the jury. The case will not be given to the jury much before Thursday afternoon.

## Death of Mr. Hundley.

Word was received in Maryville Wednesday morning of the sudden death of W. A. Hundley of Albany, who was found dead in bed, death being caused from heart trouble. Mr. Hundley was a member of the B. P. O. E. lodge of this city. His father, Geo. S. Hundley, president of the Gentry County bank of Albany, died on Monday, and it is thought that the death of his father was too great a shock for the son to stand.

## TREES CONSERVE MOISTURE

Windbreaks Prevent Excessive Evaporation in Dry Land Areas.

A hedge fifteen to eighteen feet high will lessen the evaporation of soil moisture in its vicinity. On the leeward side the evaporation of moisture is lessened to a considerable distance from the hedge and close up to the windbreak of the windward side. The influence of the hedge on the evaporation of soil moisture depends upon the humidity, temperature, velocity of the wind and kind and condition of the soil. At a distance of 200 feet from the leeward side of the hedge this influence falls off, but not rapidly. On the windward side the loss from evaporation is less at fifty feet than at 200 or 300 feet and lowest at 100 feet, probably due to the checking of the wind on approaching the hedge. The hedge has a greater influence in retaining soil moisture in the fine, sandy loam than in silt loam, but at such a great distance from the hedge.

These facts were brought out in an experiment carried on in 1910 by Wilbur Zacharias, a senior in the Kansas agricultural college. This experiment was conducted from October 11 to November 22, or a period of forty-one days. Observations were taken and cylinders of soil weighed every twenty-four hours.

## DR. MORTON GAVE LECTURE.

At the Normal Auditorium Wednesday Morning—Mrs. Robinson Sang.

Dr. Daniel Morton, the eminent St. Joseph physician, delivered a highly instructive lecture at the Normal auditorium this morning. The doctor especially emphasized the use of preventive medicine and sanitation.

Before the lecture, Mrs. Fred Robinson sang two solos, "Love Slings the Lark" by Bishop and "Play Make Believe" by Bond. Both selections were heartily applauded.

## Looks Like Real Life.

The Toggery Shop, which always has a good looking window every day in the year, has come out with an entirely new one this time, with a display of Navajo blankets, chair throws and pillow tops, that gives one that "call to the wild" feeling. One can almost see himself in a tent in the woods away off some place and smell the pines and feel the wind softly blow his hair and fan his cheek, and see the smoke curl up from his pipe and the camp fire at night, and hear the nightingale begin her song—but fiddlesticks. We've got to get to work.

## Miss Sheldon Will Sing.

Miss Myrtle Sheldon will sing Wednesday night at the M. E. Church, South, revival meetings. The song service begins at 7:45 o'clock, and Rev. Crowe will begin his sermon at 8:15 o'clock. Subject, "The Second Step in Salvation."

## Mrs. Westfall's Guest.

Miss Ruthe Turner of Barnard, arrived in Maryville Wednesday and will be the guest of Mrs. Vance Westfall until after the Conservatory commencement, which takes place the night of May 17. Miss Turner is a member of the graduating class.

Miss Maud Ephland of Hopkins, returned home Tuesday from a short visit with her sister, Mrs. Robert Ditto.

## REPORT CROP POOR

MORE THAN ONE-FOURTH OF WHEAT ACREAGE ABANDONED

## FARM WORK ALL BEHIND

Season is From Ten Days to Three Weeks Late—Conditions Are Best in Northwest Missouri.

Only fair crop prospects for Missouri were shown in the monthly crop report of the Missouri State Board of Agriculture, issued by T. C. Wilson, secretary of the board at Columbia.

The preliminary estimate indicates that more corn will be planted than last year, but much of the wheat acreage has been abandoned and the rest is in bad condition. The hoped-for improvement in wheat has failed to materialize and the outlook is reported as "discouraging". More than one-fourth of the wheat acreage of the State—26 per cent—has been abandoned.

"The report of Missouri crop conditions is not a rosy one," said W. L. Nelson, assistant secretary of the Board of Agriculture, who has direct control of the compiling of the statistics. "We believe, however, that it is the proper thing to give the bad conditions with the good, and we do not try to smooth over unfavorable reports."

The report, as issued by the board, is as follows:

Continued cool and rainy weather has retarded all farm work so that it is now from ten days to three weeks later than normal. The total rainfall for April was 5.34 inches, as compared with normal rainfall of 3.70 inches. However, this is less than the rainfall for April 1911, which was 5.65 inches.

"The temperature for the month averaged 55, the highest being 89 and the lowest 34. A light frost was reported April 23. Soil conditions is 75.4 for the State, being best in the northwest section.

## CORN.

"The land plowed for corn is placed at 26 per cent. One year ago 65 per cent of the corn land had been plowed. At that time the soil conditions of the State was 90. In many counties no corn has been planted, and nowhere in the State has any considerable acreage been planted. The part of the crop planted is but 3.5 per cent for the State as a whole.

## WHEAT

"The hoped-for improvement in wheat has failed to be realized, and the outlook for the State is most discouraging. Where one month ago it seemed likely that much wheat then in an uncertain condition might improve, the plant has weakened and is now dead. The condition of wheat for the State is 63.4 as compared with 78.4 one month ago and 90.6 a year ago.

## OATS

"The part of the oats crop now in is placed at 86.4 per cent, compared with 94.3 per cent a year ago May 1. Owing to the late season, and to the high price of seed, indications are that the present acreage seeded to oats will be but 76 per cent, as much as it was in 1911, when it was 1,143,753 acres.

"Other Crops—The condition of clover for the State is 73; timothy 86; alfalfa 74. A good stand of new clover and timothy is reported, but the acreage is decreased owing to the high price of seed.

"Pastures generally are good, and many correspondents report live stock on grass. In some instances, the high price of feed has caused farmers to yield to the temptation to turn on grass too early."

## ELECTED AT TARKIO.

Supt. J. C. Godbey of Burlington Junction Chosen by Tarkio School Board.

Superintendent J. C. Godbey of the Burlington Junction schools has been selected by the school board of Tarkio to head their schools for the next year at a salary of \$1,100 a year. Prof. Godbey is a good school man and Burlington Junction will hate to see him go.

## Being Urged to Run.

Tom Groves of Hughes Township is being urged to run for judge of the county court of the South district on the Democratic ticket. Mr. Groves has not yet decided whether to become a candidate or not.

Mrs. Gus Rogers returned to her home in St. Joseph, Tuesday evening from a visit with Mrs. Frank Brown.

## DEATH AT HOPKINS

MRS. HARMON LOWREY DIED AT HER HOME WEDNESDAY MORNING

## SICK BUT 20 MINUTES

Funeral Services Will Be Held Thursday Afternoon at Family Home by Rev. Taylor.

Mrs. Harmon Lowrey died at her home in Hopkins Wednesday morning at 1:30 o'clock after an illness of twenty-minutes of heart trouble. She had spells of heart trouble often, but she had been in unusual health for some time and her death was quite a shock.

The funeral services will be held at the home on Thursday afternoon at 1:30 o'clock, conducted by Rev. Taylor of the M. E. Church, of which the deceased was a member.

Mrs. Lowrey was born in Jeffersonville, Ind., on March 19, 1857 and her maiden name was Rebecca Redman. When quite young, she moved with her parents to near Bedford. In 1884, she was married to Harmon Lowrey and they have made their home in and near Hopkins.

The deceased is survived by her husband and two sisters and one brother, who are Mrs. H. Mothershed and Mrs. Irville Tibbets of Taylor county, Ia., and Charles Redman of Hopkins.

Mrs. Lowrey was a woman of cheerful nature and always tried to do good for others.

## TO GET RID OF DANDELIONS.

Spraying With Copperas Is the Most Effective Method.

From Suburban Life: There are two ways of opening the campaign against the dandelions this spring. One is to cut them out by hand, and the other and more modern method is to spray the weeds with copperas, an iron sulphate.

If you cut the plants out by hand, it is necessary to cut well below the crown with a long, sharp knife. It is claimed by weed experts that the weeds do not propagate from the roots as much as from the crown.

To use the iron sulphate, or copperas, dissolve one and one-fourth pounds of salt to a gallon of water and apply to the lawn with a spray pump. Cover the lawn thoroughly. There will be no injury to the grass. In a couple of weeks apply the spray again, and repeat the operation in a fortnight after that.

The grass appears black after treatment, but after being cut once, assumes a really richer shade of green than formerly.

## CHILLICOTHE WENT WET.

At the Election Held Tuesday by a Majority of Nineteen Votes.

Chillicothe at the local option election held Tuesday went wet by a majority of nineteen votes. Nearly a full vote was polled, 1,475 votes being cast.

The election was attended by considerable excitement. Women and children paraded the streets, headed by a band, and services were held in the various churches of the city, with prayers for the success of the "drys."

When Chillicothe went dry four years ago by a majority of 243 votes, it had fifteen saloons paying an annual license fee each of \$1,700. It is now planned to restrict the number of saloons to six and to charge each a license fee of from \$2,500 to \$3,000.

## BACK TO WORK.

Workers on Postoffice Site Were Working Wednesday, But No Terms as Yet Fixed for Wages.

The workers on the postoffice site went back to work Wednesday morning after J. R. Edwards, the superintendent in charge, had made a talk to the boys. No wages were fixed pending an investigation of what the laboring man is receiving here. These workers will receive the same price as the other laboring men are getting in Maryville.

## Visited Douglas School.

## GRADUATE OF NORMAL.

Miss Ruby Melvin Received a Strong Recommendation from Shawnee, Okla.

Another student sent out by the Normal as a teacher has made good according to the statement made by Mr. Scott Glen, Superintendent of City Schools of Shawnee, Okla. The following recommendation is of Miss Ruby Melvin, a daughter of Mr. and Mrs. Jacob Melvin of this city:

"Miss Ruby Melvin, graduate of one of the state normals of Missouri, has for the past years been teaching in the city schools of Shawnee. Her work with us has been highly satisfactory, in fact she is considered one of the very best teachers in the corps."

Miss Melvin is a member of the 1908 graduating class of the Northwest Normal.

## TO DRAG ROADS.

Commercial Club to Have All the Roads Leading Into Maryville in Good Shape Soon.

The Commercial club has arranged with J. F. Roelfson to drag the road south of the city for four miles and to keep the work up. The club just the other day arranged with Mr. Mason for the dragging of the East road to Maryville, and will make arrangements soon for the North road and West road leading into the city. The club intends to keep up this work and to have the roads leading to the city in fine condition and shape.

## Today's Markets

### LIVE STOCK MARKETS.

#### CHICAGO.

Cattle—21,000. Market 10c to 15c lower. Estimate tomorrow, 5,000.  
Hogs—20,000. Market 5c to 10c higher; top, \$7.90. Estimate tomorrow, 19,000.

#### KANSAS CITY.

Cattle—5,000. Market steady.  
Hogs—9,000. Market 5c higher; top, \$7.82.

#### ST. JOSEPH.

Cattle—2,300. Market weak.  
Hogs—4,500. Market 5c higher; top, \$7.80.

#### St. Louis Live Stock Market.

National Stock Yards, Ill., May 7.—Cattle receipts, 3,500. Strictly good steers today or with the close of last week. A 10c to 15c break for medium to pretty good steers today places the selling basis 15c to 25c lower than last Friday. Top steers this week \$8.50. Butcher cattle generally 25c lower today. Compared with the high day last week tidy light butcher cattle are about \$1.00 lower.

Hog receipts, 7,500. Trade steady to strong today; top, \$7.82½; bulk, \$7.50 to \$7.75.

Sheep receipts, 2,500. Market 50c lower all around today. Clipped lambs at \$8.50; clipped ewes, \$6.50. Spring lambs \$10.00. Compared with the best of last week ewes and spring lambs are \$1.00 lower; clipped lambs \$1.25 lower. The market is demoralized on stuff and there is plenty of this and coming.

## UNION IS TO VOTE

COUNTY COURT FIXED SATURDAY, JUNE 1, AS THE TIME.

## \$15,000 FOR GOOD ROADS

If the Bond Proposition Carries, a Like Amount Will Be Received From the State.

The county court on Wednesday afternoon set Saturday, June 1, as the election day in Union township, when they will vote on the proposition of a \$15,000 bond issue for good roads. The county court was requested to call the election by a petition which had eighty-one signers.

The ballots will contain the following: "Shall the following be adopted—Proposition to issue the road bonds in Union township to the amount of \$15,000. Yes—No."

The judges and clerks selected by the court were Wm. Chambers, James Hanna, Charles Coleman and H. H. McClurg, judges; and Irvin Lock and S. C. Leech, clerks.

Union township will be the first one to vote on a bond issue for roads and the result of the election will be watched closely. Other townships are talking of an issue of this kind. Jefferson township had the proposition up last December, but a day or so before the election, it was called off and the issue would have been probably beaten. If the issue carries in Union, that township will receive an additional amount of \$15,000 from the state, or giving them \$30,000 to spend on good roads.

## HELD MEETING FOR TRIMBLE.

While the Judge Was in Maryville, A Mass Meeting Held in Liberty and Endorsed His Candidacy.

Judge F. H. Trimble of Liberty, Mo., who is holding court in Maryville this week, is a candidate for the Democratic nomination of the Judge of the Kansas City Court of Appeals and his many friends held a mass meeting Monday afternoon at Liberty at the courthouse and endorsed his candidacy. Judge Trimble was born in Clay county and has held several offices. He is judge of the seventh judicial circuit at present. Addresses were made at the meeting by Attorney General Major and Senator Frank W. McAlister.

## COMPOSED A PIECE OF MUSIC.

Miss Leta Babb Will Play at Polk Commencement, Her Own Number, "The Rural Graduate."

Miss Leta Babb of Long Branch school in Polk township, has composed a piece of music, which she has entitled "The Rural Graduate." She will play the piece at the rural commencement of Polk township to be held in Maryville. Miss Babb is one of the rural graduates.

## PUBLIC TO HEAR ARCHBALD CASE

Charges Against Judge to be Heard in Open Session.

HEARING BEGINS IMMEDIATELY

Coal Dealer, Wanted as Witness, Denies Attempt to Flee to Europe—Would Not Discuss Charges.

Washington, May 8.—Public hearings on charges against Judge Robert W. Archbald of the commerce court, upon which may be based impeachment proceedings, were decided upon by the house judiciary committee. Testimony in open session will begin at once, after the committee has examined all the papers forwarded by Attorney General Wickersham by direction of President Taft.

Edward J. Williams of Scranton, Pa., will be the first witness. He arrived in Washington and was sworn. He was not examined, but was enjoined by Representative Clayton of Alabama, chairman of the committee, to appear.

Archbald May Attend.

Williams, a coal dealer, who, it is alleged, negotiated with the Erie Railroad for the purchase of culm bank property to be sold at a large profit, in which transaction Judge Archbald is alleged to have been interested, would not discuss the charges. He denied that he had attempted to flee to Europe.

Judge Archbald will not be summoned, but if he desires to attend the hearings he will be welcomed by the committee and probably will be accorded the right to cross-examine witnesses.

May Mean Impeachment.

B. H. Meyer, interstate commerce commissioner, who last February called President Taft's attention to the alleged attempt of Judge Archbald to purchase culm bank properties from the Erie railroad for \$3,000 to be sold to the Lackawanna & Wyoming company for \$30,000, will testify.

If the committee finds the charges sustained the usual procedure would be to recommend to the house impeachment proceedings against Judge Archbald.

LAWRENCE STUDENT IS DROWNED

Swimming in Lake on Mt. Oread, Ernest Van Dyke of Cherryvale, Went Down.

Lawrence, Kan., May 8.—Ernest Van Dyke, son of Charles Van Dyke, of Cherryvale, Kan., a freshman engineer of the University of Kansas, was drowned in Potter's lake on Mount Oread.

The accident probably will mean the establishment of stringent rulings at the University of Kansas in regard to students going in swimming. At many of the big universities students can go in swimming on the college premises only after passing a physical examination. This, the Kansas university athletes say, would guard against such fatalities.

KANSAS RAILROADS ARE BUSY

Rush of Freight Has Started and Car Shops Are Working Overtime.

Parsons, Kan., May 8.—The big rush of freight business in Kansas has started. Orders for empty cars are coming in from all points in the east and south and cars are being rushed out of the repair shops here as rapidly as possible. The last three months the Katy shops in this city have been working overtime. A large demand for cars comes from Texas and Oklahoma to transport the early spring vegetables to the Western and Eastern markets. More than 200 cars of strawberries from Texas have passed through this city in the last few days.

American College Alumni Meet.

Cleveland, O., May 8.—The annual reunion of the alumni of the American College in Rome began today with a business session which was attended by a large number of distinguished prelates and clergymen of the Catholic church. Rev. Thomas C. O'Reilly, D. D., chancellor of the diocese of Cleveland, is president of the association and called the meeting to order in the Hotel Hollenden. Eight bishops were among those who answered the roll call. Tomorrow will be devoted to pleasure, with an automobile ride, luncheon at the Country club and other events.

To Free War Prisoners.

Washington, May 8.—The United States took its first decisive step toward freeing its only hostages of war when the house Indian affairs committee voted to report favorably a bill granting "freedom and free release" to those Apache Indians who have been held prisoners for many years at Fort Sill, Ok.

Arkansas Convention Split.

Little Rock, Ark., May 8.—Two republican state conventions, one attended by supporters of President Taft and the other by adherents of Col. Roosevelt met here. Each elected four delegates-at-large and instructed them.

## CLAIMS RICHESON IS MORMON ELDER

Woman Tells Strange Story About Slayer of Avis Linnell.

MAKES STATEMENT UNDER OATH

Claims to be Converted From Mormonism and Knew Preacher While Member of Church.

Boston, May 8.—Clarence V. T. Richeson, under sentence of death for the murder of Avis Linnell, has been a Mormon elder and secretly connected with the Mormon organization for several years, although preaching from a Baptist pulpit, according to a sworn statement just made before William A. Thibodeau, an attorney and justice of the peace. The author of the affidavit, Mrs. Louie E. Brittain, claims to have been formerly connected with the Mormon church.

In the statement Mrs. Brittain asserts that she has known Richeson for several years, first meeting him three years ago at a Mormon conference held on Staten Island, where she says the Baptist clergyman was recognized as one of the Mormon elders and was particularly active in the affairs of the conference. She has since seen him many times in and about Boston, and has given him the Mormon signs, which were always answered, she claims. She says she attended a Mormon conference at Providence, R. I., a little over a year ago, at which Richeson was present, and that she received commands from him as a Mormon elder at a Boston gathering of the leaders of the church.

Woman is Converted.

A short time ago Mrs. Brittain became converted from Mormonism, she says.

According to Attorney Thibodeau, who gave out the affidavit, Mrs. Brittain recently divulged to some of her close friends her knowledge of Richeson's alleged connection with the Mormon church, and was prevailed upon to make the facts known previous to the time set for his execution, as it was felt that the information, if withheld until after his death would seem unfair.

Mrs. Brittain has become known during the last few years to evangelic workers in and about Boston. In an interview she said that to the best of her belief Richeson was converted to Mormonism while a student at William Jewell college in Liberty, Mo., from which he was expelled in 1889.

Denied by Counselor.

Salt Lake City, May 8.—C. W. Penrose, second counselor to Joseph F. Smith, president of the Mormon church, denied that Clarence V. T. Richeson was a member of the Mormon church or that he was in any way affiliated with the Mormon church.

KANSAS DAIRY LAW IS STRICT

Sate Officers Condemning Cream Sold When Too Stale for Churning.

Manhattan, Kan., May 8.—The dairyman who keeps his cream till it is too stale for churning into country butter and attempts to sell it on the open cream market in Kansas runs a serious risk this season. D. S. Burch, state dairy commissioner, and his deputy, W. F. Droge, have condemned 65 gallons of rancid cream.

The state dairy law requires that cream be not more than four days old in the winter and three days old in the summer. Most of the cream that has been condemned was from seven to ten days old.

Convention of Railway Engineers.

Harrisburg, Pa., May 8.—Representative engineers from every railroad in the United States, Canada and Mexico are here attending the annual convention of the Brotherhood of Locomotive Engineers, which opened today. It is expected that the convention will continue its sessions for the greater part of the month. While the greatest secrecy is maintained with regard to the matters to be discussed during the convention and particularly with regard to the attitude of the rank and file of the delegates toward the recent trouble with the railroad men, it is freely rumored here today that many of the men are dissatisfied and that the convention will be one of the stormiest in the history of the organization.

Helped Daughter Whip a Man.

Shawnee, Ok., May 8.—While John Nolan, a farmer from the southern part of the county, forced William Edwards to hold up his hands at the point of a gun, Nolan's 16-year-old daughter horsewhipped Edwards until she was exhausted. The horsewhipping was caused by an alleged insulting remark Edwards made about the girl.

Eddy Will is Upheld.

Concord, N. H., May 8.—The clause of the will of Mrs. Mary Baker Eddy, founder of the Christian Science church, bequeathing the residue of her estate valued at about \$2,000,000, to the First Church of Christ, Scientist, of Boston, creates a "valid trust" in the opinion of the supreme court of New Hampshire just announced.

### RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color.

One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp, and thin, weak, falling hair.

The beauty of the hair depends more on its rich, even shading than anything else. Don't have dry, harsh faded hair, when a simple, harmless remedy will bring back the color in a few days; and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles, and give color, strength and beauty to your hair.

Get a fifty cent bottle from your druggist today. Prove this to your own satisfaction. All druggists sell it, under the name that the money will be refunded if the remedy is not exactly as represented. Special Agents.

## FIERCEST BATTLE OF REVOLUTION

Reported Federal Victory Turns Out to be Defeat.

LOSSES OVER TWELVE HUNDRED

Mexican Government Troops Retreat to Monclova, and Are There Besieged by Rebel Forces.

Eagle Pass, Tex., May 8.—Revolutionary events are beginning to move rapidly in the district south of Eagle Pass. With reports received that Gen. Orozco had started the siege of Torreon came word that the engagement between 1,800 federals and 2,400 rebels near Monclova, which was reported a federal victory in the City of Mexico dispatches, resulted in a crushing defeat for the government troops. It was the bloodiest fight of the revolution. Losses on both sides will reach more than 1,200. The rebels admit a loss of 600 and reports here say that the federal troops lost even more.

The main slaughter of the rebels occurred in a pass about eight miles from Cuatro Ciénegas, the federals directing their fire from the mountain sides. Re-enforcements drove the government troops from their position and the latter then began to retreat toward Monclova. Monclova is now besieged by the rebels.

Surprised Federals.  
The existence of the revolutionary force was not even known by the federal commanders until it made its appearance near Cuatro Ciénegas. The force was made up of volunteers from ranches in Chihuahua and Coahuila. Arrivals here from Monclova said that owing to the lack of hospital and medical facilities the wounded on both sides, numbering several hundred, are in a desperate condition.

Won't Recognize Gomez.  
Escalon, Mex., May 8.—Orozco is 193 miles south of Chihuahua and only 40 miles behind his advance guard, which is expected within the next 24 hours to encounter the big federal force under Gen. Huerta.

The creation of any civil government before the end of the war is opposed by Orozco. In his telegram to Gomez, Orozco said he would have been glad to have had Vasquez Gomez come into the rebel zone and work with him in the interests of the revolution, but the Gomez government in Juarez was a thing he could not countenance.

### STRIKING MINERS LED BY WOMAN

Mob of Five Hundred Attacked Carpenters at Green Ridge, Pa.—Other Riots in Coal Region.

Seranton, Pa., May 8.—Led by a foreign woman, who wielded an iron drill as a club, a mob of nearly 500 women and men attacked carpenters at the Dickson shaft of the Delaware & Hudson company at Green Ridge. Before the mob had been dispersed by a squad of police four workmen had been beaten by the mob. Others were chased to their homes by the women.

Mount Carmel, Pa., May 8.—Rioting took place at the Alaska mine when a mob of foreigners attacked Morgan Bevan, superintendent, and his men. The shaft was partly wrecked and several shots fired at the engine room force. Another riot took place at the Richards celloery in which William Watkins, an aged stable boss, was severely beaten.

### FOUND A BODY IN HER CELLAR

St. Joseph Woman Makes Growsome Discovery—May Mean Murder Mystery.

St. Joseph, Mo., May 8.—The lower part of a human body was found wrapped in oil cloth by Mrs. Frank Liepold in the cellar of her home at 1222 North Twelfth street. She found the body pushed back under the floor several feet from the cellar wall. The house had been vacant when the Liepold family rented it three years ago. Mrs. Liepold believes that the body was under the house when the family moved in.

### Power House Burned.

Waterloo, Ia., May 8.—Fire destroyed a power house of the Waterloo, Cedar Falls & Northern Railway company. Street car service was at a standstill for several hours. The company has a new power house, which was not damaged, and traffic was resumed before night. The loss is estimated at \$125,000.

### Robbers Eluded Dogs.

Springfield, Mo., May 8.—Bloodhounds taken to Purdy, a small town in Barry county, failed to find a trail of the three motor car robbers who broke open the safe of the postoffice and stole \$1,200 in stamps and small change. It is believed the robbers went to Joplin.

### Drowned in a Pond.

Scottsville, Kan., May 8.—Clyde Keeler, 15 years old, was drowned in a pond here. He was a younger brother and another boy was swimming when taken with him, and before the others could help he was drowned.

JACOB M. DICKINSON

Judge Dickinson, former secretary of war, is special prosecutor in charge of the government's case in the suit to dissolve the United States Steel corporation.

### MARYLAND DELEGATES FOR T. R.

EX-PRESIDENT HAS ONE MORE THAN NECESSARY.

Clark Wins in Democratic Contest—Harmon Succeeded in Carrying But One County.

Baltimore, May 8.—Theodore Roosevelt has 66 delegates to the Republican state convention, one more than the majority necessary for control. Taft has 63 votes.

Democratic returns, with only five unimportant precincts missing give Champ Clark 81, delegates; Woodrow Wilson, 44; Judson Harmon, 4. Gov. Harmon carried only one county.

This means that both Roosevelt and Clark will take from Maryland to the national conventions a solid block of 16 votes. The Republican delegates chosen at the primaries will name 16 delegates to Chicago at the state convention May 14. The Democratic state convention, May 16, will select 32 national delegates each with half a vote.

Although the Taft forces say they will control the personnel of the state convention by electing four delegates in Baltimore, Col. Roosevelt's friends declare they have no fear that trouble may arise from this situation. They express confidence that now the fight is over the two factions will unite to place a delegate behind Col. Roosevelt that will remain faithful to him at Chicago as long as he has a chance of getting the nomination.

### MOBERLY HAS NIGHT WINDSTORM

Tents of Carnival Shows Blown Down and People Were Panic Stricken.

Moberly, Mo., May 8.—Moberly was visited by a high windstorm at night which tore down fences, trees and telephone wires. The tents of a carnival company here were blown down and a panic followed among the three or four thousand people on the streets.

Mrs. Nell Rhodes, a ticket seller for one of the shows, was blown from the ticket box and her nose broken. A number of persons jumped from the Ferris wheel which was crowded when the storm struck the city. None of these was severely injured.

### COLLEGE LITIGATION ENDED

Supreme Court Affirms Title to Fulton Institution, Involving \$500,000.

Jefferson City, May 8.—The supreme court through an opinion filed by Judge Kennish and concurred in by all the judges of the court, affirmed the title of the board of trustees of Westminster college and the Presbyterian Synod of Missouri to Westminster college at Fulton.

The entire college property, 18 acres of land and several buildings, valued at more than \$500,000, was involved in the litigation.

### Darrow to Defend Himself.

Los Angeles, Cal., May 8.—Clarence Darrow, who was indicted and arrested, charged with bribing jurors in the McNamara case, will make the closing argument in his own behalf. Earl Rogers, chief counsel for Darrow, announced. The spectacle of the celebrated Chicago labor attorney pleading with the 12 men sworn to pass up on his own guilt or innocence will be dramatic.

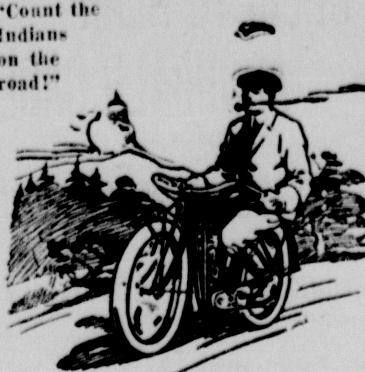

### Wiley's Place Unfilled.

Washington, May 8.—Dr. Harvey W. Wiley's place in the chemistry bureau still is vacant and probably will not be filled for some time. The affairs of the bureau have been administered by Dr. Doolittle, Dr. Dunlap and Dr. Mitchell, the pure food board.

### To Sue Beef Trust.

Chicago, May 8.—The United States district attorney is preparing a bill asking the dissolution of the "beef trust." The suit is to be brought in Chicago, and the action is taken at the request of Attorney General Wick-ersham.

## CARL AT HOSPITAL

LITTLE CRIPPLE BEGINS HIS FIGHT FOR HEALTH AT LAST.

## TREATMENT EVERY DAY

He Has a Pleasant Location on the South Side of the Building—All the Family Are Very Grateful.

Carl Wright's face beamed with happiness today as he came to town about noon in company with his father. He spoke or smiled or waved his hand to all the friends he knew—for he has many he has never seen—as he waited about town awhile to be taken to the hospital. He was taken down about three o'clock and in the morning, Dr. Bell and Dr. Will Wallis, will administer the first treatment. The medicine will be given hypodermically each day. He occupies room 25 on the second floor on the south side of the building, where he may receive his friends, according to the rules of the doctors and the hospital.

It will be a source of pleasure to all who have contributed to the fund for his benefit, to know that gratitude is one of Carl's chief characteristics. And his mother and father feel that they have no way of telling how grateful they are for the opportunity their eldest child will now have for a chance in life.

Carl is nearly fourteen years old and is the oldest of seven children. He does not appear to be more than eight or ten years old because of his affliction and is much smaller than boys usually are at that age. He is a nice looking boy, fair-haired and blue-eyed, and his three sisters and brothers are fine looking children. Their names are Fern, Daisy, Inez, Donald, John and Eddie.

Windbreaks Prevent Excessive Evaporation in Dry Land Areas.

A hedge fifteen to eighteen feet high will lessen the evaporation of soil moisture in its vicinity. On the leeward side the evaporation of moisture is lessened to a considerable distance from the hedge and close up to the windbreak of the windward side. The influence of the hedge on the evaporation of soil moisture depends upon the humidity, temperature, velocity of the wind and kind and condition of the soil. At a distance of 200 feet from the leeward side of the hedge this influence falls off, but not rapidly. On the windward side the loss from evaporation is less at fifty feet than at 200 or 300 feet and lowest at 100 feet, probably due to the checking of the wind on approaching the hedge. The hedge has a greater influence in retaining soil moisture in the fine, sandy loam than in silt loam, but at such a great distance from the hedge.

These facts were brought out in an experiment carried on in 1910 by Wilbur Zacharias, a senior in the Kansas agricultural college. This experiment was conducted from October 11 to November 22, or a period of forty-one days. Observations were taken and cylinders of soil weighed every twenty-four hours.

DR. MORTON GAVE LECTURE.

At the Normal Auditorium Wednesday Morning—Mrs. Robinson Sang.

Dr. Daniel Morton, the eminent St. Joseph physician, delivered a highly instructive lecture at the Normal auditorium this morning. The doctor especially emphasized the use of preventive medicine and sanitation.

Before the lecture, Mrs. Fred Robinson sang two solos, "Love Sings the Lark" by Bishopp and "Play Make Believe" by Bond. Both selections were heartily applauded.

## Looks Like Real Life.

The Toggery Shop, which always has a good looking window every day in the year, has come out with an entirely new one this time, with a display of Navajo blankets, chair throws and pillow tops, that gives one that "call to the wild" feeling. One can almost see himself in a tent in the woods away off some place and smell the pines and feel the wind softly blow his hair and fan his cheek, and see the smoke curl up from his pipe and the camp fire at night, and hear the nightingale begin her song—but fiddlesticks. We've got to get to work.

## Miss Sheldon Will Sing.

Miss Myrtle Sheldon will sing Wednesday night at the M. E. Church, South, revival meetings. The song service begins at 7:45 o'clock, and Rev. Crowe will begin his sermon at 8:15 o'clock. Subject, "The Second Step in Salvation."

## Mrs. Westfall's Guest.

Miss Ruth Turner of Barnard, arrived in Maryville Wednesday and will be the guest of Mrs. Vance Westfall until after the Conservatory commencement, which takes place the night of May 17. Miss Turner is a member of the graduating class.

Miss Maud Ephland of Hopkins, returned home Tuesday from a short visit with her sister, Mrs. Robert Ditto.

## REPORT CROP POOR

MORE THAN ONE-FOURTH OF WHEAT ACREAGE ABANDONED

## FARM WORK ALL BEHIND

Season is From Ten Days to Three Weeks Late—Conditions Are Best in Northwest Missouri.

Only fair crop prospects for Missouri were shown in the monthly crop report of the Missouri State Board of Agriculture, issued by T. C. Wilson, secretary of the board at Columbia.

The preliminary estimate indicates that more corn will be planted than last year, but much of the wheat acreage has been abandoned and the rest is in bad condition. The hoped-for improvement in wheat has failed to materialize and the outlook is reported as "discouraging". More than one-fourth of the wheat acreage of the State—26 per cent—has been abandoned.

"The report of Missouri crop conditions is not a rosy one," said W. L. Nelson, assistant secretary of the Board of Agriculture, who has direct control of the compiling of the statistics. "We believe, however, that it is the proper thing to give the bad conditions with the good, and we do not try to smooth over unfavorable reports."

The report, as issued by the board, is as follows:

Continued cool and rainy weather has retarded all farm work so that it is now from ten days to three weeks later than normal. The total rainfall for April was 5.34 inches, as compared with normal rainfall of 3.70 inches. However, this is less than the rainfall for April 1911, which was 5.65 inches.

"The temperature for the month averaged 55 the highest being 80 and the lowest 34. A light frost was reported April 23. Soil conditions are 75.4 for the State, being best in the northwest section.

## CORN.

"The land plowed for corn is placed at 25 per cent. One year ago 45 per cent of the corn land had been plowed. At that time the soil conditions of the State was 90. In many counties no corn has been planted, and nowhere in the State has any considerable acreage been planted. The part of the crop planted is but 3.5 per cent for the State as a whole.

## WHEAT

"The hoped-for improvement in wheat has failed to be realized, and the outlook for the State is most discouraging. Where one month ago it seemed likely that much wheat then in an uncertain condition might improve, the plant has weakened and is now dead. The condition of wheat for the State is 63.4 as compared with 78.4 one month ago and 90.6 a year ago.

## OATS

"The part of the oats crop now in is placed at 86.4 per cent, compared with 94.3 per cent a year ago May 1. Owing to the late season, and to the high price of seed, indications are that the present acreage seeded to oats will be but 76 per cent, as much as it was in 1911, when it was 1,143,753 acres.

"Other Crops—The condition of clover for the State is 73; timothy 86; alfalfa 74. A good stand of new clover and timothy is reported, but the acreage is decreased owing to the high price of seed.

"Pastures generally are good, and many correspondents report live stock on grass. In some instances, the high price of feed has caused farmers to yield to the temptation to turn on grass too early."

## ELECTED AT TARKIO.

Supt. J. C. Godbey of Burlington Junction Chosen by Tarkio School Board.

Superintendent J. C. Godbey of the Burlington Junction schools has been selected by the school board of Tarkio to head their schools for the next year at a salary of \$1,100 a year. Prof. Godbey is a good school man and Burlington Junction will hate to see him go.

## Being Urged to Run.

Tom Groves of Hughes Township is being urged to run for judge of the county court of the South district on the Democratic ticket. Mr. Groves has not yet decided whether to become a candidate or not.

Mrs. Gus Rogers returned to her home in St. Joseph, Tuesday evening from a visit with Mrs. Frank Brown.

## DEATH AT HOPKINS

MRS. HARMON LOWREY DIED AT HER HOME WEDNESDAY MORNING

## SICK BUT 20 MINUTES

Funeral Services Will Be Held Thursday Afternoon at Family Home by Rev. Taylor.

Mrs. Harmon Lowrey died at her home in Hopkins Wednesday morning at 1:30 o'clock after an illness of twenty-minutes of heart trouble. She had spells of heart trouble often, but she had been in unusual health for some time and her death was quite a shock.

The funeral services will be held at the home on Thursday afternoon at 1:30 o'clock, conducted by Rev. Taylor of the M. E. Church, of which the deceased was a member.

Mrs. Lowrey was born in Jeffersonville, Ind., on March 10, 1857 and her maiden name was Rebecca Redman. When quite young, she moved with her parents to near Bedford. In 1884, she was married to Harmon Lowrey and they have made their home in and near Hopkins.

The deceased is survived by her husband and two sisters and one brother, who are Mrs. H. Mothershead and Mrs. Irville Tibbets of Taylor county, Ia., and Charles Redman of Hopkins.

Mrs. Lowrey was a woman of cheerful nature and always tried to do good for others.

## TO GET RID OF DANDELIONS.

Spraying With Copperas Is the Most Effective Method.

From Suburban Life: There are two ways of opening the campaign against the dandelions this spring. One is to cut them out by hand, and the other and more modern method is to spray the weeds with copperas, an iron sulphate.

If you cut the plants out by hand, it is necessary to cut well below the crown with a long, sharp knife. It is claimed by weed experts that the weeds do not propagate from the roots as much as from the crown.

To use the iron sulphate, or copperas, dissolve one and one-fourth pounds of salt to a gallon of water and apply to the lawn with a spray pump. Cover the lawn thoroughly. There will be no injury to the grass. In a couple of weeks apply the spray again, and repeat the operation in a fortnight after that.

The grass appears black after treatment, but after being cut once, assumes a really richer shade of green than formerly.

## CHILLICOTHE WENT WET.

At the Election Held Tuesday by a Majority of Nineteen Votes.

Chillicothe at the local option election held Tuesday went wet by a majority of nineteen votes. Nearly a full vote was polled, 1,475 votes being cast.

The election was attended by considerable excitement. Women and children paraded the streets, headed by a band, and services were held in the various churches of the city, with prayers for the success of the "drys."

When Chillicothe went dry four years ago by a majority of 243 votes, it had fifteen saloons paying an annual license fee each of \$1,700. It is now planned to restrict the number of saloons to six and to charge each a license fee of from \$2,500 to \$3,000.

## BACK TO WORK.

Workers on Postoffice Site Were Working Wednesday, But No Terms as Yet Fixed for Wages.

The workers on the postoffice site went back to work Wednesday morning after J. R. Edwards, the superintendent in charge, had made a talk to the boys. No wages were fixed pending an investigation of what the laboring man is receiving here. These workers will receive the same price as the other laboring men are getting in Maryville.

## Visited Douglas School.

E. B. Yeaman paid a visit to the Douglas school Friday and delivered an excellent talk on the life of Abraham Lincoln. The scholars and teacher, A. A. Keene, expressed their appreciation for his visit.

## Will Go to Rochester.

Aaron Felix left Wednesday for Rochester, Minn., to be operated on for a kidney ailment. He will be operated on Thursday morning at ten o'clock.

## GRADUATE OF NORMAL.

Miss Ruby Melvin Received a Strong Recommendation from Shawnee, Okla.

Another student sent out by the Normal as a teacher has made good according to the statement made by Mr. Scott Glen, Superintendent of City Schools of Shawnee, Okla. The following recommendation is of Miss Ruby Melvin, a daughter of Mr. and Mrs. Jacob Melvin of this city:

"Miss Ruby Melvin, graduate of one of the state normals of Missouri, has for the past years been teaching in the city schools of Shawnee. Her work with us has been highly satisfactory, in fact she is considered one of the very best teachers in the corps."

Miss Melvin is a member of the 1908 graduating class of the Northwest Normal.

## TO DRAG ROADS.

Commercial Club to Have All the Roads Leading Into Maryville in Good Shape Soon.

The Commercial club has arranged with J. F. Roelfson to drag the road south of the city for four miles and to keep the work up. The club just the other day arranged with Mr. Mason for the dragging of the East road to Maryville, and will make arrangements soon for the North road and West road leading into the city. The club intends to keep up this work and to have the roads leading to the city in fine condition and shape.

## Today's Markets

### LIVE STOCK MARKETS.

#### CHICAGO.

Cattle—2,300. Market weak  
Hogs—4,500. Market 5c higher; top, \$7.80.

Sheep—1,200. Market steady.

#### St. Louis Live Stock Market.

National Stock Yards, Ill., May 7.—Cattle receipts, 3,500. Strictly good steers today or with the close of last week. A 10c to 15c break for medium to pretty good steers today places the selling basis 15c to 25c lower than last Friday. Top steers this week \$8.50. Butcher cattle generally 25c lower today. Compared with the high day last week tidy light butcher cattle are about \$1.00 lower.

Hog receipts, 7,500. Trade steady to strong today; top, \$7.82½; bulk, \$7.50 to \$7.75.

Sheep receipts, 2,500. Market 50c lower all around today. Clipped lambs at \$8.50; clipped ewes, \$5.50. Spring lambs \$10.00. Compared with the best of last week ewes and spring lambs \$1.00 lower; clipped lambs \$1.25 lower. The market is demoralized on new stuff and there is plenty of this and coming.

## UNION IS TO VOTE

COUNTY COURT FIXED SATURDAY, JUNE 1, AS THE TIME.

## \$15,000 FOR GOOD ROADS

If the Bond Proposition Carries, a Like Amount Will Be Received From the State.

The county court on Wednesday afternoon set Saturday, June 1, as the election day in Union township, when they will vote on the proposition of a \$15,000 bond issue for good roads. The county court was requested to call the election by a petition which had eighty-one signers.

The ballots will contain the following: "Shall the following be adopted—Proposition to issue the road bonds in Union township to the amount of \$15,000. Yes—No."

The judges and clerks selected by the court were Wm. Chambers, James Hanna, Charles Coleman and H. H. McClurg, judges; and Irvin Lock and S. C. Leech, clerks.

Union township will be the first one to vote on a bond issue for roads and the result of the election will be watched closely. Other townships are talking of an issue of this kind. Jefferson township had the proposition up last December, but a day or so before the election, it was called off and the issue would have been probably beaten. If the issue carries in Union, that township will receive an additional amount of \$15,000 from the state, or giving them \$30,000 to spend on good roads.

#### "Solid Gold."

Commercially speaking, the term "solid gold" is a misnomer, since such gold has not been used for many, many years. Some of the ancient Roman jewelry and some of that of the Renaissance period was, indeed, made of pure gold, worked up by hand with the crudest of tools, but since the old days there has been a constantly increasing employment of alloys, for the reason that jewelers found that the harder the gold was rendered by good alloys the greater its wearing qualities and the more secure, therefore, was the setting of the gems maintained. Nowadays jewelry is 14 or 10 carats, according to the sign and character of the alloy, and it is much more frequently made of eighteen carats.

## News of Society and Womens' Clubs

A large attendance of all who are interested in the work of the circle is desired. An interesting program has been prepared. This will be an echo meeting of the National Mother's Congress held in St. Louis a few weeks ago.

#### Her Sixteenth Birthday.

Mrs. Gallatin Craig entertained a company of relatives with a dinner Tuesday, in honor of her daughter, Miss Laura Craig, who today reached that magic milestone of a girl's life, her sixteenth birthday anniversary. The guests included Miss Laura's grandmother, Mrs. John Lieber; and her mother's sister and family, Mr. and Mrs. O. L. Holmes and sons, Hoslek and Harry Holmes, and her brother, Mr. Albert Craig.

#### School Societies Hold Picnic.

The Athenaeum society and the Klu Klux Klan of the high school under the chaperonage of Miss Lillian Lindholm and Miss Hazel Petty of the high school, went to Atherton's Park Tuesday afternoon and held their first picnic of the season. Camp fires were built and supper was cooked for the picnickers of whom there were forty. Before supper, they gathered a ton or more of the large blue violets that grow on the hillside by the Wabash trestle. They had a great time.

#### Married at Keokuk, Ia.

Mr. E. H. Sims of Ravenwood and Miss May Megchelsens of Keokuk, Ia., were married at the bride's home in Keokuk on May 1. After the wedding, the couple went to St. Paul, Minn., for a several days' stay with Mr. Sims' sister, Mrs. M. M. Shuffelbarger. They returned to Ravenwood on Tuesday and were met at the station by a number of relatives and friends, who were in automobiles, and taken to the home of the groom's father, W. P. Sims, where an elegant dinner was served in their honor, and attended by a number of relatives and friends. The young couple will reside in Ravenwood, a cottage having been prepared for them. Mr. Sims is a prominent citizen of Ravenwood and has for more than fifteen years been superintendent of the Methodist Sunday School.

#### Twentieth Century Club.

The ladies of the Twentieth Century club held their general meeting Tuesday afternoon with Miss Clara Sturm, the club's retiring president. During the business session, the officers were chosen for the two new departments of the club. Mrs. Ferdinand Townsend was elected chairman of the music department; Mrs. T. L. Wilderman, vice-chairman; and Miss Brownie Tool, secretary-treasurer. For the arts and crafts department, Mrs. George P. Bellows was made chairman; Mrs. E. G. Orear, vice-chairman; and Miss Marie Brink, secretary-treasurer. It was also decided to continue the study of home economics and the general monthly meetings. The club membership has been recently enlarged from fifty to eighty and others than the general club, there are now four different departments, namely, Shakespearean, Tourists, Music and Arts and Crafts. At the close of the regular business, the old officers retired and the new officers took their respective places. The new officers are Miss Jessie Parker, president; Mrs. M. J. Honnold, vice-president; Mrs. M. G. Tate, second vice-president; Miss Alma Nash, recording secretary; Miss Mae Corwin, corresponding secretary; Mrs. S. R. Beech, Sr., treasurer; Mrs. Charles S. Jackson, custodian; Mrs. W. A. Rickbrode, auditor. The subject of the study for the afternoon was public improvements. Mrs. Berney Harris read a very interesting paper on "Missouri's Laws on Child Labor." The Moving Picture Show, the new Form of Drama for the Million was the subject of a very interesting talk by Mrs. D. J. Thomas. "Why Do We Need a Public Library" was ably discussed by Mrs. Leslie Dean. The subjects "What Messages to Take to Establish a Park" and "The Sunday Concert League" were respectively taken up by Mrs. O. C. S. M. and Miss Birde Shelton. Mrs. C. S. M. and Miss Birde Shelton, who with the aid of Francis do

sible to secure a public park for Maryville, and Miss Shelton thought that through the establishment of the new music department of the club, a free Sunday concert league is altogether possible.

#### Fraternity House Party.

Miss Marie Brink left Wednesday for Ames, Iowa, to attend the week-end house party given by the Ozark fraternity of Ames College. The college track meet events come off on Saturday and it is a part of the entertainment the hosts have in store for their guests. Twenty young college men make up the Ozark fraternity, two of whom are from Maryville, Mr. Harold Bellows and Mr. Dale Bellows. Eighteen of the young men live at the fraternity house while two who are married, have homes of their own in Ames. Mrs. George P. Bellows, Miss Cecil Bonight, Miss Elsie Jackson and Mr. Fred Bellows will go to Ames Friday and join the party. Mrs. Bellows is to be one of the four chaperons, and the wives of the married members will also act in that capacity. The "frats" have set their house in order for their guests, each having invited a lady friend, and have ordered apartments for themselves at the hotel. Their guests will be with them from Friday until Sunday evening. Miss Brink will go to Des Moines Sunday evening to spend a week with her cousin, Miss Walton Frank, a student at Drake University.

#### TO HOLD MEETING.

One Called for Friday Evening to See Whether Maryville Will Have a Street Fair.

A meeting has been called for Friday evening, at Ellis G. Cook's office of the last year's street fair committee, to see if we will have another street fair next fall. The meeting was called by Mayor Robey and M. A. Turner, secretary, who were on the last year's committee. Quite a number are in favor of another street fair.

#### Baby Very Sick.

The seven-year-old son of Mr. and Mrs. Samuel Robins of Hopkins is very ill.

Miss Bessie McGuire of Pickering was a Maryville visitor Tuesday morning.

#### SENATOR VANCE'S READY WIT

Records Show That Very Rarely Did Carolina Statesmen Fail to Rise to the Occasion.

The late Senator Vance used to say that his liveliest campaign for the governorship of North Carolina was that in which Judge Settle ran against him. They stumped the state in joint debate. All the white Democrats turned out to hear Vance, and all the colored Republicans to hear Settle. On one occasion, Vance was informed that some young ladies desired to testify their devotion to the Democratic party by kissing the Democratic candidate for governor. Nothing loth, Vance descended from the platform and kissed a dozen or so of the young beauties, and then paused long enough to turn around toward his competitor and shout: "Settle, I'm kissing my girls; now kiss yours!" When he married the second time, he said to his wife on their wedding day: "My dear, I'm a stubborn fellow, and you may anticipate trouble. Now, in the beginning, while I am subsissive, I want to give you one piece of advice. If you follow it, we'll get on mighty well. It is this: Make me do just as I darned please." A newspaper man, who was about starting for a rather out-of-the-way portion of Vance's own state, was asking him one day what kind of accommodation he was likely to find. "They'll give you some of their fried hog and eggs," the senator replied. "That's better than nothing," said the newspaper man. "I don't know—I don't know," the senator answered, in a dubious tone, "I've tried both."

## PUBLIC TO HEAR ARCHBALD CASE

Charges Against Judge to be Heard  
in Open Session.

HEARING BEGINS IMMEDIATELY

Coal Dealer, Wanted as Witness, De-  
nies Attempt to Flee to Europe  
—Would Not Discuss  
Charges.

Washington, May 8.—Public hear-  
ings on charges against Judge Robert  
W. Archbald of the commerce court,  
upon which may be based impeach-  
ment proceedings, were decided upon  
by the house judiciary committee.  
Testimony in open session will begin  
at once, after the committee has ex-  
amined all the papers forwarded by  
Attorney General Wickersham by di-  
rection of President Taft.

Edward J. Williams of Scranton,  
Pa., will be the first witness. He ar-  
rived in Washington and was sworn.  
He was not examined, but was en-  
joined by Representative Clayton of  
Alabama, chairman of the committee,  
to appear.

**Archbald May Attend.**  
Williams, a coal dealer, who, it is  
alleged, negotiated with the Erie Rail-  
road for the purchase of culm bank  
property to be sold at a large profit,  
in which transaction Judge Archbald  
is alleged to have been interested,  
would not discuss the charges. He  
denied that he had attempted to flee  
to Europe.

Judge Archbald will not be sum-  
moned, but if he desires to attend the  
hearings he will be welcomed by the  
committee and probably will be ac-  
cording the right to cross-examine wit-  
nesses.

**May Mean Impeachment.**  
B. H. Meyer, interstate commerce  
commissioner, who last February  
called President Taft's attention to  
the alleged attempt of Judge Archbald  
to purchase culm bank properties from  
the Erie railroad for \$3,000 to be sold  
to the Lackawanna & Wyoming com-  
pany for \$30,000, will testify.  
If the committee finds the charges  
sustained the usual procedure would  
be to recommend to the house im-  
peachment proceedings against Judge  
Archbald.

**LAWRENCE STUDENT IS DROWNED**

Swimming in Lake on Mt. Oread,  
Ernest Van Dyke of Cherryvale,  
Went Down.

Lawrence, Kan., May 8.—Ernest  
Van Dyke, son of Charles Van Dyke  
of Cherryvale, Kan., a freshman engi-  
neer of the University of Kansas, was  
drowned in Potter's lake on Mount  
Oread.

The accident probably will mean  
the establishment of stringent rulings  
at the University of Kansas in regard  
to students going in swimming. At  
many of the big universities students  
can go in swimming on the college  
premises only after passing a physical  
examination. This, the Kansas uni-  
versity athletes say, would guard  
against such fatalities.

**KANSAS RAILROADS ARE BUSY**

Rush of Freight Has Started and Car  
Shops Are Working  
Overtime.

Parsons, Kan., May 8.—The big rush  
of freight business in Kansas has  
started. Orders for empty cars are  
coming in from all points in the east  
and south and cars are being rushed  
out of the repair shops here as rap-  
idly as possible. The last three  
months the Katy shops in this city  
have been working overtime. A large  
demand for cars comes from Texas  
and Oklahoma to transport the early  
spring vegetables to the Western and  
Eastern markets. More than 200 cars  
of strawberries from Texas have  
passed through this city in the last  
few days.

**American College Alumni Meet.**  
Cleveland, O., May 8.—The annual  
reunion of the alumni of the American  
College in Rome began today with a  
business session which was attended  
by a large number of distinguished  
prelates and clergymen of the Catho-  
lic church. Rev. Thomas C. O'Reilly,  
D. D., chancellor of the diocese of  
Cleveland, is president of the associa-  
tion and called the meeting to order  
in the Hotel Hollenden. Eight bishops  
were among those who answered the  
roll call. Tomorrow will be devoted  
to pleasure, with an automobile ride,  
luncheon at the Country club and  
other events.

**To Free War Prisoners.**  
Washington, May 8.—The United  
States took its first decisive step to-  
ward freeing its only hostages of war  
when the house Indian affairs commit-  
tee voted to report favorably a bill  
granting "freedom and free release"  
to those Apache Indians who have  
been held prisoners for many years at  
Fort Sill, Ok.

**Arkansas Convention Split.**  
Little Rock, Ark., May 8.—Two re-  
publican state conventions, one at-  
tended by supporters of President  
Taft and the other by adherents of  
Col. Roosevelt met here. Each elected  
four delegates-at-large and instructed  
them.

## CLAIMS RICHESON IS MORMON ELDER

Woman Tells Strange Story About  
Slayer of Avis Linnell.

MAKES STATEMENT UNDER OATH

Claims to be Converted From Mor-  
monism and Knew Preacher  
While Member of  
Church.

Boston, May 8.—Clarence V. T.  
Richeson, under sentence of death for  
the murder of Avis Linnell, has been  
a Mormon elder and secretly con-  
nected with the Mormon organization  
for several years, although preaching  
from a Baptist pulpit, according to a  
sworn statement just made before  
William A. Thibodeau, an attorney  
and justice of the peace. The author  
of the affidavit, Mrs. Louie E. Brit-  
tain, claims to have been formerly  
connected with the Mormon church.

In the statement Mrs. Brittain as-  
serts that she has known Richeson  
for several years, first meeting him  
three years ago at a Mormon confer-  
ence held on Staten Island, where she  
says the Baptist clergyman was recog-  
nized as one of the Mormon elders  
and was particularly active in the  
affairs of the conference. She has  
since seen him many times in and  
about Boston, and has given him the  
Mormon signs, which were always  
answered, she claims. She says she  
attended a Mormon conference at  
Providence, R. I., a little over a year  
ago, at which Richeson was present,  
and that she received commands from  
him as a Mormon elder at a Boston  
gathering of the leaders of the church.

**Woman is Converted.**  
A short time ago Mrs. Brittain be-  
came converted from Mormonism, she  
says.

According to Attorney Thibodeau,  
who gave out the affidavit, Mrs.  
Brittain recently divulged to some of  
her close friends her knowledge of  
Richeson's alleged connection with the  
Mormon church, and was prevailed  
upon to make the facts known pre-  
vious to the time set for his execution,  
as it was felt that the information, if  
withheld until after his death would  
seem unfair.

Mrs. Brittain has become known  
during the last few years to evangelic  
workers in and about Boston. In an  
interview she said that to the best of  
her belief Richeson was converted to  
Mormonism while a student at Wil-  
liam Jewell college in Liberty, Mo.,  
from which he was expelled in 1889.

**Denied by Counselor.**

Salt Lake City, May 8.—C. W. Pen-  
rose, second counselor to Joseph E.  
Smith, president of the Mormon  
church, denied that Clarence V. T.  
Richeson was a member of the Mor-  
mon church or that he was in any-  
way affiliated with the Mormon  
church.

**KANSAS DAIRY LAW IS STRICT**

Sate Officers Condemning Cream  
Sold When Too Stale for  
Churning.

Manhattan, Kan., May 8.—The dairy  
man who keeps his cream till it is too  
stale for churning into country butter  
and attempts to sell it on the open  
cream market in Kansas runs a seri-  
ous risk this season. D. S. Burch,  
state dairy commissioner, and his de-  
puty, W. F. Droge, have condemned 65  
gallons of rancid cream.

The state dairy law requires that  
cream be not more than four days old  
in the winter and three days old in  
the summer. Most of the cream that  
has been condemned was from seven  
to ten days old.

**Convention of Railway Engineers.**

Harrisburg, Pa., May 8.—Represent-  
ative engineers from every railroad  
in the United States, Canada and Mex-  
ico are here attending the annual  
convention of the Brotherhood of Lo-  
comotive Engineers, which opened to-  
day. It is expected that the conven-  
tion will continue its sessions for the  
greater part of the month. While the  
greatest secrecy is maintained with  
regard to the matters to be discussed  
during the convention and particu-  
larly with regard to the attitude of the  
rank and file of the delegates toward  
the recent trouble with the railroad  
men, it is freely rumored here today  
that many of the men are dissatisfied  
and that the convention will be one  
of the stormiest in the history of the  
organization.

**Helped Daughter Whip a Man.**

Shawnee, Ok., May 8.—While John  
Nolan, a farmer from the southern  
part of the county, forced William Ed-  
wards to hold up his hands at the  
point of a gun, Nolan's 15-year-old  
daughter horsewhipped Edwards until  
she was exhausted. The horsewhip-  
ping was caused by an alleged insult-  
ing remark Edwards made about the  
girl.

**Eddy Will is Upheld.**

Concord, N. H., May 8.—The clause  
of the will of Mrs. Mary Baker Eddy,  
founder of the Christian Science  
church, bequeathing the residue of her  
estate valued at about \$2,000,000, to  
the First Church of Christ, Scientist,  
of Boston, creates a "valid trust" in  
the opinion of the supreme court of  
New Hampshire just announced.

## RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage a  
Simple Remedy for Dandruff,  
Falling, Faded, Gray Hair.

The old idea of using Sage for dark-  
ening the hair is again coming in vogue.  
Our grandmothers had dark, glossy hair  
at seventy-five, while our mothers are  
gray before they are fifty. Our grand-  
mothers kept their hair soft and glossy  
with a "Sage Tea," which also restored  
the natural color.

One objection to using such a prepara-  
tion was the trouble of making it.  
This objection has been overcome by  
the Wyeth Chemical Company of New  
York, who has placed on the market a  
superior preparation of Sage, combined  
with Sulphur and other valuable re-  
medies for dandruff, itching scalp, and  
thin, weak, falling hair.

The beauty of the hair depends more  
on its rich, even shading than anything  
else. Don't have dry, harsh faded hair,  
when a simple, harmless remedy will  
bring back the color in a few days; and  
don't be tormented with dandruff, it-  
ching scalp and loose, falling hairs.  
Wyeth's Sage and Sulphur Hair Remedy  
will quickly correct these troubles, and  
give color, strength and beauty to your  
hair.

Get a fifty cent bottle from your  
druggist today, and prove this to  
your own satisfaction. All druggists  
sell it, under the name that the  
money will be refunded if the  
remedy is not represented.

## FIERCEST BATTLE OF REVOLUTION

Reported Federal Victory Turns Out to be Defeat.

LOSSES OVER TWELVE HUNDRED

Mexican Government Troops Retreat to Monclova, and Are There Besieged by Rebel Forces.

Eagle Pass, Tex., May 8.—Revolutionary events are beginning to move rapidly in the district south of Eagle Pass. With reports received that Gen. Orozco had started the siege of Torreon came word that the engagement between 1,800 federals and 2,400 rebels near Monclova, which was reported a federal victory in the City of Mexico dispatches, resulted in a crushing defeat for the government troops. It was the bloodiest fight of the revolution. Losses on both sides will reach more than 1,200. The rebels admit a loss of 600 and reports here say that the federal troops lost even more.

The main slaughter of the rebels occurred in a pass about eight miles from Cuatro Ciénegas, the federals directing their fire from the mountain sides. Re-enforcements drove the government troops from their position and the latter then began to retreat toward Monclova. Monclova is now besieged by the rebels.

### Surprised Federals.

The existence of the revolutionary force was not even known by the federal commanders until it made its appearance near Cuatro Ciénegas. The force was made up of volunteers from ranches in Chihuahua and Coahuila. Arrivals here from Monclova said that owing to the lack of hospital and medical facilities the wounded on both sides, numbering several hundred, are in a desperate condition.

### Won't Recognize Gomez.

Escalon, Mex., May 8.—Orozco is 193 miles south of Chihuahua and only 40 miles behind his advance guard, which is expected within the next 24 hours to encounter the big federal force under Gen. Huerta.

The creation of any civil government before the end of the war is opposed by Orozco. In his telegram to Gomez, Orozco said he would have been glad to have had Vasquez Gomez come into the rebel zone and work with him in the interests of the revolution, but the Gomez government in Juarez was a thing he could not countenance.

### STRIKING MINERS LED BY WOMAN

Mob of Five Hundred Attacked Carpenters at Green Ridge, Pa.—Other Riots in Coal Region.

Seranton, Pa., May 8.—Led by a foreign woman, who wielded an iron drill as a club, a mob of nearly 500 women and men attacked carpenters at the Dickson shaft of the Delaware & Hudson company at Green Ridge. Before the mob had been dispersed by a squad of police four workmen had been beaten by the mob. Others were chased to their homes by the women.

Mount Carmel, Pa., May 8.—Rioting took place at the Alaska mine when a mob of foreigners attacked Morgan Beran, superintendent, and his men. The shaft was partly wrecked and several shots fired at the engine room force. Another riot took place at the Richards colliery in which William Watkins, an aged stable boss, was severely beaten.

### FOUND A BODY IN HER CELLAR

St. Joseph Woman Makes Grewsome Discovery—May Mean Murder Mystery.

St. Joseph, Mo., May 8.—The lower part of a human body was found wrapped in oil cloth by Mrs. Frank Leopold in the cellar of her home at 1222 North Twelfth street. She found the body pushed back under the floor several feet from the cellar wall.

The house had been vacant when the Leopold family rented it three years ago. Mrs. Leopold believes that the body was under the house when the family moved in.

### Power House Burned.

Waterloo, Ia., May 8.—Fire destroyed a power house of the Waterloo, Cedar Falls & Northern Railway company. Street car service was at a standstill for several hours. The company has a new power house, which was not damaged, and traffic was resumed before night. The loss is estimated at \$125,000.

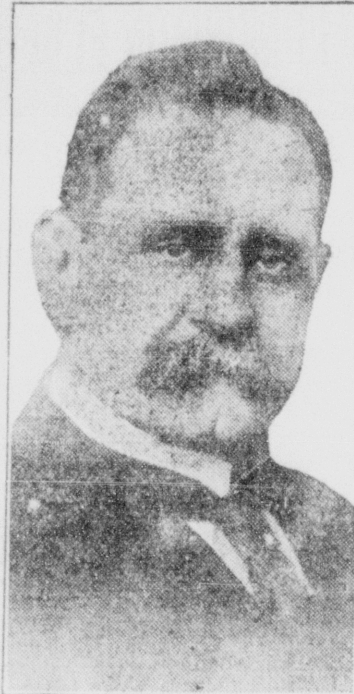

### Robbers Eluded Dogs.

Springfield, Mo., May 8.—Bloodhounds taken to Purdy, a small town in Barry county, failed to find a trail of the three motor car robbers who blew open the safe of the postoffice and stole \$1,200 in stamps and small change. It is believed the robbers went to Joplin.

### Drowned in a Pond.

Scottsville, Kan., May 8.—Clyde Keeler, 15 years old, was drowned in a pond here. He was swimming when taken with convulsions, and before the others could get to him he was drowned.

JACOB M. DICKINSON

Judge Dickinson, former secretary of war, is special prosecutor in charge of the government's case in the suit to dissolve the United States Steel corporation.

### MARYLAND DELEGATES FOR T. R.

EX-PRESIDENT HAS ONE MORE THAN NECESSARY.

Clark Wins in Democratic Contest—Harmon Succeeded in Carrying But One County.

Baltimore, May 8.—Theodore Roosevelt has 66 delegates to the Republican state convention, one more than the majority necessary for control. Taft has 63 votes.

Democratic returns, with only five unimportant precincts missing give Champ Clark 81, delegates; Woodrow Wilson, 44; Judson Harmon, 4. Gov. Harmon carried only one county.

This means that both Roosevelt and Clark will take from Maryland to the national conventions a solid block of 16 votes. The Republican delegates chosen at the primaries will name 16 delegates to Chicago at the state convention May 14. The Democratic state convention, May 16, will select 32 national delegates each with half a vote.

Although the Taft forces say they will control the personnel of the state convention by electing four delegates in Baltimore, Col. Roosevelt's friends declare they have no fear that trouble may arise from this situation. They express confidence that now the fight is over the two factions will unite to place a delegate behind Col. Roosevelt that will remain faithful to him at Chicago as long as he has a chance of getting the nomination.

### MOBERLY HAS NIGHT WINDSTORM

Tents of Carnival Shows Blown Down and People Were Panic Stricken.

Moberly, Mo., May 8.—Moberly was visited by a high windstorm at night which tore down fences, trees and telephone wires. The tents of a carnival company here were blown down and a panic followed among the three or four thousand people on the streets.

Mrs. Nell Rhodes, a ticket seller for one of the shows, was blown from the ticket box and her nose broken. A number of persons jumped from the Ferris wheel which was crowded when the storm struck the city. None of these was severely injured.

### COLLEGE LITIGATION ENDED

Supreme Court Affirms Title to Fulton Institution, Involving \$500,000.

Jefferson City, May 8.—The supreme court through an opinion filed by Judge Kennish and concurred in by all the judges of the court, affirmed the title of the board of trustees of Westminster college and the Presbyterian Synod of Missouri to Westminster college at Fulton.

The entire college property, 18 acres of land and several buildings, valued at more than \$500,000, was involved in the litigation.

### Darrow to Defend Himself.

Los Angeles, Cal., May 8.—Clarence Darrow, who was indicted and arrested, charged with bribing jurors in the McNamara case, will make the closing argument in his own behalf, Earl Rogers, chief counsel for Darrow, announced. The spectacle of the celebrated Chicago labor attorney pleading with the 12 men sworn to pass upon his own guilt or innocence will be dramatic.

### Wiley's Place Unfilled.

Washington, May 8.—Dr. Harvey W. Wiley's place in the chemistry bureau still is vacant and probably will not be filled for some time. The affairs of the bureau have been administered by Dr. Doolittle, Dr. Dunlap and Dr. Mitchell, the pure food board.

### To Sue Beef Trust.

Chicago, May 8.—The United States district attorney is preparing a bill asking the dissolution of the "beef trust." The suit is to be brought in Chicago, and the action is taken at the request of Attorney General Wick-ersham.
